

Prescott College Southern MUSICAL - 2019

YOU'VE GOT TO MOVE IT, MOVE IT!

"Prescott College Southern is pleased to announce that there will be another great year of Musical involvement offered this year!"

In the Musical, students are highly encouraged to participate and develop their performing arts skills including acting, stage direction, movement and singing. In addition to on stage performance roles, off stage roles are offered as they are an integral part of the overall production.

The Musical is an extra-curricular activity and participation is optional. Students who choose to participate in this production must be willing to commit to weekly after school rehearsals and work as part of a team. No matter what the role, whether a main character, an extra, a stagehand or musician, it is MOST important to participate in the Musical with a positive and dedicated attitude in order to ensure the overall success of the production. Being half-hearted about performing or opting to pull out half way through rehearsal is not fair for the remaining cast and will not be looked upon favourably. However, those who choose to see it through to the end will be rewarded with a great sense of achievement and a greater insight and understanding into the whole performance process. More importantly closer friendships are formed as students are part of something unique and special in the school community.

Please note the following:

- Term 1 – Additional auditions will be held on Monday 4th of February from 3.30pm in SNR4. Rehearsals will begin Tuesday 5th of February in SNR9.
