

Prescott College Southern String Programme- Year 5-10

The Prescott College String programme is open to staff, and to students in Year 5-10

The programme would enable students to learn a string instrument by working with others in an ensemble. The ensemble would be taught and conducted by Samantha Penny. Samantha is a very experienced string teacher and is proficient in all string instruments.

This is an excellent opportunity to learn a string instrument without the cost of weekly tuition fees. No previous experience required.

COSTS INVOLVED

- Unlike taking private music lessons, this programme would be funded by the school meaning there will be **no charge for weekly lessons**.
- Parents would however, be responsible for hiring or purchasing the instrument to participate in the ensemble.

Here are the subsidized hire costs per term for instruments available in the programme:

Violin - \$47

Viola - \$62

Cello - full - \$125

Cello - part size - \$95

The string ensemble is held in the Middle School Music Room, after school on:

Wednesdays from 3:30-4:15

Kind regards,

Suzie Crowe
Primary Music Teacher
