From the Principal

As we reflect over the past term, we have had a rather busy but productive time. Each year seems to demand more of schools, but we are fortunate to have many willing helpers who make our work so much easier. Thank you to the many people who have given of their time to support the children in their education.

We would like to wish Soo Lim and Sarah all the best for the future as they return home to Korea at the beginning of the holidays. It has been wonderful getting to know you and I know the host families will miss you as they have very much enjoyed having you as part of their families. A special thank you to our host families and the time and effort you have given to help make their stay in Australia so enjoyable.

It has been pleasing to see the return of Homework booklets by the children at the end of the term, with many families expressing their appreciation of the freedom it has given them to balance the demands of their lives. As a school we would like to acknowledge the work completed by the children and so would encourage those children who have not returned their booklets to do so as soon as possible. This will take place in assembly early in Term 2.

We trust the holidays will be a time of rest and relaxation and a chance to spend time with family. Have a great break and we look forward to working with you again in Term 2.
